JFK Grants an Interview to Soviet Editor

By KARL R. BAUMAN

HYANNIS PORT, Mass. (AP) — President Kennedy becomes today the first U. S. president to grant an exclusive interview to a Soviet journalist, Premier Khrushchev's son-in-law.

Kennedy will receive Alexei T. Atzhubei, editor of Izvestia, an official Soviet newspaper, at 10 a. m. in the living room of his summer home.

In advance of the interview, Atzhubei, speaking through an interpreter, said he hoped it would help improve U. S.-Soviet relations. By virtue of his editorship of the Soviet Union's official organ and his marriage to Khrushchev's daughter, he is regarded as his country's foremost journalist.

Asked what he hoped to accomplish by the interview, Atzhubei said: "As a newspaperman, as a journalist, as a Soviet citizen, I would like very much that this interview facilitate improvement of our relations because the destiny of the world depends upon relations between our nations."

He added that he hoped to publish the entire text of the interview, but said this was up to the President to decide.

Press Secretary Pierre Salinger made it clear that he not only had no objection to publication of the full text, but would welcome it. He said Kennedy had fixed no limit on the length of the interview.

After the text, as published in Izvestia, has been translated and compared with the official U. S. transcript, it will be released to the U. S. press.

Salinger said that to his knowledge no other American president had given an interview to a Soviet newsmen.

Three American newspapermen have had interviews with Khrushchev this year—columnists Walter Lippmann and Drew Pearson, and C. L. Sulzberger of the New York Times. Their reports were widely printed in this country.

Kennedy was represented as hopeful what he tells Atzhubei will get similar dissemination in the Soviet Union.

ATOMIC AFTERMATH—Nurse Anja Valve of the chemistry department of Helsinki University measures the blood pressure of Oula Nakkalajarvi, a Laplander from northern Finland undergoing tests for radioactivity. It is feared that the Lapps have been indirectly contaminated by the recent Soviet nuclear explosions. Reindeer, the Lapps' chief food, feed mainly on lichen which, because of its slow growth, preserves radioactivity for possibly as long as 30 years.

Charges Right Wingers Still Doing Work

NEW YORK (AP) — Military men were in a stir today over Socialist party charges of continued "radical rightist" indoctrination of men in the armed forces.

The Pentagon, however, remained silent pending a study of the charges made Tuesday by Norman Thomas, 77, dean of the Socialist movement in the United States and often the party's candidate for the presidency.

The Socialist report declared that "extreme ultra-rightist activities are still being conducted throughout the armed forces despite Defense Secretary (Robert S.) McNamara's ruling barring them."

Vice Adm. Robert Goldthwaite, commander of the Western Sea Frontier, was singled out in the report as "a virtual one-man crusade for right-wing extremism from coast to coast."

Goldthwaite, reached in San Francisco, said he had never embraced "any but sound American programs."

"I have not examined this report and I doubt if I will have any comment when I do," he said. The study on which the report was based was made by the Socialist Party-Social Democratic Federation staff, headed by Irwin Sull, national secretary. Sull sat at Thomas' side during the news conference.

Among other officers that the report said promoted right-wing groups within the past year were Lt. Col. Ira L. Beard of the 4th Army at San Antonio, Tex.; Col. H. I. Allen at the U. S. Navy Electronics Laboratory in San Diego, Calif.; and Lt. Steven Huffaker, former information officer at Onizawa Air Force Base, Calif.

Capt. Frank B. Herold, now the commander of the electronics lab at San Diego, said he knew of no such activity at the installation and added, "If there is, it's not official."

At Onizawa Air Force Base, Col. Louis Seith, commanding officer since last July, said Huffaker was transferred to Maxwell Air Force Base at Montgomery, Ala. in October after a normal three-year tour of duty.

Seith said that after Huffaker was criticized locally for making anti-Communist speeches at service clubs, all officers at the base were reminded of regulations against making public statements on political matters.

World War II Leader Is Dead

WASHINGTON (AP) — The man who led America's first troops into England in World War II is dead.

Maj. Gen. Russel P. Hartle, 72, of Hagerstown, Md., died in Walter Reed Medical Center here Thursday. He had been hospitalized earlier this year at Brooke Army Medical Center in San Antonio, Tex., after surgery for a blood clot.

A veteran of 36 years in the Army, Hartle was given command of the 34th National Guard Division shortly after Pearl Harbor. It was the first Army unit to leave for Europe.

He is survived by his widow and three sisters. Funeral services and burial are scheduled for Monday in Hagerstown.

Police Chief Has His Car Stolen

GOODLAND, Kan. (AP) — While writing out a traffic ticket in downtown Goodland Wednesday night, policeman Keith Nagel had his car stolen.

Nagel had alighted from his car, leaving the motor running, to write out the summons. While he was so engaged, someone drove off with the police car.

It was found abandoned two hours later on a nearby residential street.

Survivor of Tragic Ship Going Home

MIAMI, Fla. (AP) — Terry Jo Duperrault, who lost her parents, brother and sister in the Bluebell tragedy, could look forward today to returning to familiar Green Bay, Wis., scenes for a rent's estate said the pretty blonde wife.

The administrator of her parents' estate said she would go to live with an aunt, Mrs. Ralph Scheer, at the Green Bay suburb of Deperre until a court names a guardian.

Atty. Colburn C. Cherney said Terry Jo herself "will have something to say as far as the appointment of a guardian is concerned."

Mrs. Scheer spent Thanksgiving Day with Terry Jo in the Miami hospital room where the child is recuperating from exposure and exhaustion she suffered in 3½ days adrift on a life raft in tropic waters.

It was a glum holiday for Terry Jo. Her physician said she was "down in the dumps" on her first Thanksgiving Day as an orphan.

There was no word on when Terry Jo will be discharged from the hospital.

Dr. Arthur Duperrault, 49, a Green Bay optometrist; his wife, Jean, 38; their son, Brian, 14, and daughter, Renee, 8; and Mary Harvey, 34, were lost Nov. 12 in the mysterious sinking of the Fort Lauderdale ketch Bluebell which the Duperraults had chartered for a Bahamas vacation sail.

Mrs. Harvey's husband, Julian, 44, captain of the yacht, was rescued from a small boat Nov. 13 and came to Miami. He committed suicide less than 24 hours after hearing that Terry Jo, who had managed to launch a life raft, also had been found alive.

Harvey had told Coast Guard investigators that a squall broke the masts of the Bluebell and knocked a hole in her hull, and that all on board jumped into the Atlantic Ocean when fire broke out. Terry Jo said the masts did not topple, she saw no fire and smelled no smoke, but did see her mother and brother lying motionless on a bloody deck.

The Coast Guard has not announced completions of its inquiry. The officer conducting it said he saw no reason to doubt Terry Jo's story of the last moments of the Bluebell.

Before it could be brought to a halt it knocked down two buildings on the lot, went through a yard and tore out a kitchen wall at the home of John G. Cohen, knocked down trees, a hedge and fence in Cohen's yard and hit three cars in the street.

The damage estimate by police—\$7,500 to \$10,000. Distance traveled—about 1,200 feet.

Charles Boyer, an owner of one of the cars, jumped aboard the bulldozer after it had dragged his auto 150 feet. He started pulling switches and somehow brought the machine to a stop.

Autobahn Has Figured in All Berlin Crisis

EDITOR'S NOTE — The Autobahn is the only overland route for the Western Allies to West Berlin. AP correspondent Gene Kramer in the following dispatch takes you for a ride over this key highway.

By GENE KRAMER

BERLIN (AP) — When West Berliners speak of The Autobahn, they mean one of the most heavily controlled and vital stretches of highway in the world.

This lifeline from West Berlin to West Germany cutting across 110 miles of Communist-ruled East Germany has figured in every Berlin crisis. In any East-West talk over Berlin, the Western Allies are sure to demand that it be kept open, along with the isolated city's air corridors across East Germany.

What is it like to travel the autobahn? Among other things, frustrating and monotonous.

I had to produce my passport 35 times just to make the round trip from Berlin to Helmstedt, West Germany.

Nearly all the passport showings were to East German guards who control civilian traffic. The question of Allied access to West Berlin, however, centers around official and military traffic. This is checked only by the Soviet under agreements made at the end of World War II.

Any Soviet move to transfer its autobahn control to East Germany, which the Western Allies do not recognize, might well precipitate the next Berlin crisis.

The first seven passport checks were just to drive from West to East Berlin and back to buy a visa for crossing East Germany. Cost: \$2.50.

This was followed by a drive to the western outskirts of Berlin and eight more passport showings for the right to enter the East German highway system.

The sequence was: A token passport inspection by West Berlin police, a drive between coils of barbed wire lining the highway through a short no-man's land, a zig-zag through steel barriers recently installed by the East Germans to slow traffic, two passport checks by East German police barriers, parking, three stops inside a unheated shed for declaring currency, paying the highway toll—\$1.25 a car—and other formalities, followed by two more police barriers.

City Police late Friday rounded up three bad-check passers of operating in downtown Hope and will file charges of forgery and uttering against the following men held in the city jail:

William E. Dailey, 39, Little Rock; Glen E. Wilkins, 20, Little Rock; and Edward W. Scruggs, 18, Ola, Ark.

When captured the men had a large block of supposedly construction company payroll checks made out in the amount of \$80.40. After passing checks at West Department Store and Scott Variety Store they attempted to cash them at Montgomery's Market and the Family Shoe Store. Olen Overturn of Family Shoe Store became suspicious and called city police.

Officers Moses and Ward made the arrests.

Boys Start Dozer, Damage \$10,000

WILMINGTON, Del. (AP) — Boys often had gone to the Rushon Construction Co. lot in suburban Elsmere to play and at times they climbed aboard the big bulldozer sitting there.

Thanksgiving Day was no exception. Four boys, ranging in age from 9 to 11, climbed aboard the dozer and began their play.

Suddenly the machine started in a backward motion and the boys jumped from it.

Before it could be brought to a halt it knocked down two buildings on the lot, went through a yard and tore out a kitchen wall at the home of John G. Cohen, knocked down trees, a hedge and fence in Cohen's yard and hit three cars in the street.

The damage estimate by police—\$7,500 to \$10,000. Distance traveled—about 1,200 feet.

Plane Wreckage Combed for Clue

SAO PAULO, Brazil (AP) — Investigators today combed the wreckage of a New York-bound Argentine jet airliner in an attempt to determine what sent it plunging to the ground, killing all 52 persons aboard.

One U. S. citizen, Gilbert Luy, 40, was listed by the Argentine airline Aerolineas among the victims. Most of the others were Argentines.

The plane, a British-built Comet 4, crashed within seconds after takeoff from Viracopos Airport and burst into what one witness described as a "ball of fire."

The weather was clear and airline officials said the pilot gave no indication he was in trouble. The flight originated in Buenos Aires. It was the first serious crash for the Comet 4, which replaced the ill-fated Comet 1 after years of research.

Arkansans Stake \$1,000 for Industry

Arkansas Business By LEON HATCH Associated Press Staff Writer

One hundred men who staked \$1,000 each have provided the nucleus for one important, though comparatively little noticed, facet of Arkansas' industrial growth.

The \$100,000 these 100 men put up is the core of the capital structure of the First Arkansas Development Finance Corp., a nonprofit lending agency which recently completed its first two years of operation.

FADFC works independently or in conjunction with other public and private groups in helping finance new plants or aiding in expansion of existing ones.

It has been especially concerned with long-term lending for operation as contrasted to plant establishment, which is often sponsored by governmental units.

The \$100,000 backers are common stockholders of FADFC and they apparently have only a theoretical chance of getting their money back, in any direct fashion.

Admittedly men who can afford the contribution, these stockholders would get a refund — even then not necessarily a full one — only in case of liquidation.

And as long as FADFC is doing the job, it was set up to do — as Thomas and its other principals say it is — there would seem no reason for liquidation.

To supplement the \$100,000 in common stock utilities of the state subscribed \$1 million in preferred stock which is to be retired with out interest.

As originally set up, the financial strength of the corporation was to be further bolstered by an investment of up to \$5 million, and possibly even more, of state money, but this authorization was withdrawn by the 1961 Legislature. It hadn't been used.

Gov. Orval E. Faubus, who recommended the state getting out of the picture, said at the time merely that the authority was no longer needed in view of other officially-backed financing plans.

Thomas declines to comment, but apparently the governor and the corporation board didn't see eye to eye on some questions of policy or personnel.

Last August marked the completion of two years of active operation of First Arkansas.

During this period, corporation officials reported, 26 loan applications were approved for a total of \$3,463,000 and 13 loans actually were made for a total of \$1,674,750. These seem like small totals in comparison with the ones of millions of dollars involved in big industrial developments—and they are.

They indicate, in the opinion of Thomas and his colleagues, the principal role of First Arkansas in the industrial financing picture.

"When Borg-Warner moved to Fort Smith, it was no trouble to sell the necessary bonds," Thomas says.

"Financing for any nationally-rated concern is never a problem."

But he adds that the chief function — although not the only one — of First Arkansas had been in lending to smaller, but sound, businesses whose payroll are a factor in the state's economy but whose financing wouldn't create a ripple on the national bond markets.

In the words of the latest report to directors and stockholders, "Financial assistance has been given particularly to many of the state's small home-owned industries which need long-term credit."

During the past six months, most of the money was used to help

Auto Chase and Gunfire Punctuate Local Arrest

HOPE STREETS WERE THE SCENE OF A WILD AUTO-MOBILE chase and gunfire Friday night when a young airman AWOL from Lackland Air Force Base, San Antonio, and his stolen car were captured by the combined forces of the state police, city police, and sheriff's department.

UNDER ARREST IS JOHN JOSEPH UTZ, 18, OF LACKLAND AFB, held for the sheriff of Williamson County, Texas, on charges that he stole a 1957 Chevrolet at Roundrock, Texas.

UTZ'S DOWNFALL BEGAN WHEN HE DROVE OUT OF A Fulton service station without paying for the gas and headed for Hope. The station alerted all police and a roadblock was attempted at Youngblood tourist court and then at the Livestock Auction plant, both just west of Hope on U.S. 67. Utz drove through both blocks, with the police in hot pursuit.

IN DOWNTOWN HOPE HE TURNED SOUTH ON SOUTH Main Street but became confused at the intersection which splits Highway 29 and the Palmers road, and wrecked his car. State and city police and the sheriff's department then moved in for the capture.

There Are Plenty of Girls in Arkansas — Their Names Are on the Map, Literally

By MARY ANITA LASETER

Girls! Girls! Girls! Do we have them in Arkansas!

And they have gotten their names "on the map" literally. Have you ever really looked carefully at highway map of our state? If so, you have found towns with names ranging from Abbott to Zion. But what about the girls?

Well, in the first group we have Alicia, Affie, Allison, Alma, Amy, and Augusta. Beulah stands alone, but there are 3 D's (nothing to do with the movie medium), Daisy, DeAnn and Dora.

Ethel, Elizabeth and Ethel are followed by Faith and Florence. In Hope we know about one girl's name beginning with an "H" — the Arkansas map, and we usually are aware of the one named Helena, but did you know about Harriett? We have one of each.

I don't know about dissenters, but we have three "I's" — Ida, Ione, and Ivy. The only complete name of a girl which a town has adopted for its legal title is Jenny. Lind, Joan and Joy are found in our wonderful Wunder State, too.

Leola, Luann and Lynn are in our state, as are Marianna and Maria. The only time Mary comes into the picture is in Marysville, so we won't count that in our list.

Nola is also a song. Opal is a precious stone, and Pocahontas, as everyone knows was an Indian Maiden of note, but they are all girls' names on the map of Arkansas.

There is no Rose, but we have a Rosa and a Rosie. Ruth is in our state (up near Elizabeth), and both are nice girls. Selma doesn't only live in Alabama, for Arkansas claims he has well.

It is not all "Greck" when we learn of an Ursula in our borders and no list would be complete without Vivian and Viola. You don't even have to go to the moon to find a Venus and it's probably

that the one in our state has arms).

Towns with interesting names also include those of boys' names, those with animals' names and those with titles of cities found elsewhere in the world. But for today we concentrated on feminine names and we hope you enjoyed the trip.

Mother of 14 Dies at Heber Springs

HEBER SPRINGS, Ark. (AP) — Mrs. Gracie Lee James, the 36-year-old mother of 14 children, died today of what physicians said was food poisoning apparently contracted in preparing Thanksgiving dinner.

Mrs. James was stricken Thursday at her home at nearby Panguitch and brought to a hospital here, where she died.

No one else in the family became ill.

A hospital spokesman said Mrs. James could have contracted the ailment from eating uncooked goods as she prepared to cook them.

The organisms which caused the ailment might have been destroyed by cooking, the spokesman said.

UN Secretary Determined to Use Full Power

By TOM HOGE

UNITED NATIONS, N.Y. (AP) — Acting Secretary-General U. Thant has made plain he will use his powers to train the Congo army and stamp out secessionist moves in any part of that country, despite Soviet efforts to limit U.N. authority.

U. Thant spelled out his position Friday night in his first speech to the Security Council since he became U.N. chief after two Soviet vetoes had killed U.S. efforts to give him a broader hand in the Congo.

The Soviet Union warned U. Thant that it would be watching closely to make sure he does not go beyond the mandate of the council.

The council finally adopted a watered-down Asian-African resolution demanding that secessionist activities "cease forthwith" in Katanga alone and empowering U. Thant to use force if it needs to drive out foreign mercenaries.

The Soviets used the veto to defeat U.S. amendments that would have had the council deprecate "all armed action" against the central Congo government and would have authorized U. Thant to help the state reorganize and retrain its army.

The amendments could be interpreted as empowering the United Nations to move against any uprising by Congo leftist leader Antoine Gizenga.

Observers expressed belief, however, that the Soviet vetoes were checkmated by U. Thant's assertion that the U.N. force should suppress "all armed activities" and secessionist moves anywhere.

The Burmese acting secretary-general also said steps must be taken toward the "training and reorganization" of the Congolese armed forces. He made clear he was carrying out all resolutions of the General Assembly and the council and not just the Katanga proposal.

After U. Thant finished speaking, Soviet Delegate Valerian A. Zorin expressed hope the acting secretary-general would "act in accordance with this resolution in cooperation with his chief advisers as he had announced when he was appointed."

New Concept in Religious Education
By JULES LOH
AP Staff Writer
NEW YORK (AP)—A new concept in religious education, designed to make Christian learning a continuing process from the cradle to the grave, soon will emerge as a hallmark of Lutheran parish life.

The program, already five years in the making, is expected to serve as a common source of strength after next year's merger of four Lutheran bodies into the 3.2-million-member Lutheran Church in America.

Its director is The Rev. Dr. W. Kent Gilbert III, a member of the United Lutheran Church in America's board of parish education. Admittedly, said Dr. Gilbert, the new program "may look to some like a pet project dreamed up by starchy-eyed educational theorists. 'Actually, it is very much down to earth and the result of some sobering necessities.'"

More than 200 educators, from university presidents to Sunday School teachers, have contributed to the curriculum which will go to each of the 6,000 parishes in the merged congregation.

The program involves systematic education by trained instructors (including parents) beginning with pre-school children and including every phase of parish education—Sunday School, released-time day school classes, vacation school, summer camp, adult classes—without any of what Dr. Gilbert calls "interest-killing overlapping."

It relies on exhaustive research into what type and degree of Christian doctrine a person is capable of absorbing at every age level.

The way things stand now, said Dr. Gilbert, "many congregations end their educational program with confirmation age while at the same time expecting mature adult leadership from people who have never been equipped with more than a 13-year-old's understanding of Christianity."

"We spend much of our time in church schools trying to teach children things they are incapable of learning," he said, "while wasting the time of teen-agers and adults with childish simple things they should have mastered years earlier."

Arkansans

Continued From Page One

of the loans have been for working capital."

The 1957 law under which First Arkansas was incorporated — it didn't actually get rolling until 1959 because a court test to determine validity of the enabling act and other preliminaries — gives it wide powers to issue bonds and to borrow money for its operations.

But the law specifies that the agency is not to make loans in instances where credit is readily available elsewhere. This provision has been strictly followed, Thomas says.

The latest detailed accounting shows that loans have been made in the poultry, garment, metal, machinery and concrete products fields.

"We are pleased," the report signed by Thomas and President J. V. Satterfield Jr., of Little Rock, says, "to see the results of these 'loans at work' in Arkansas. They have helped our industries add 1,658 new jobs and an estimated annual payroll of \$4.5 million."

Thomas says there are no restrictions on making a loan "except that in the judgment of the managers it is needed, repayment seems probable and it will add to the economy."

In addition to the interest they pay, borrowers purchase an amount equal to five per cent of their loan in FADFC debentures. This is applied to retirement of the utilities held preferred stock.

Its sponsors say that FADFC is the only non-profit capital credit bank in the nation. Its officers and directors get no pay.

This aside, it is a going concern with all loans current — something that should please any banker.

Tuesday: Chicken and noodles, green beans, pineapple-cabbage-marshmallow salad, cinnamon rolls and milk.

Wednesday: Meat stew with onions, potatoes, carrots, boiled beans, stuffed celery, jello and milk.

Thursday: Hot tamale pie, peas and carrots, celery curls, bread, butter, cake with orange topping and milk.

Friday: Turkey Sandwich, macaroni and cheese, cabbage slaw with tomatoes, brownies and milk.

A curled piece of cellophane tape still clung to the pantry wall over the phone, but the slip of paper with telephone numbers it had held was gone.

Margaret knew dimly what had happened. The warmth of the pantry radiator had dried the tape, the paper had fluttered down, Lena had to the left.

Everywhere from Hilary's scrapbook work, had swept it up and thrown it away.

She went back to the bedroom and Hilary. "What doctor did Cornelia have, do you remember?"

Hilary stared up from her magazine. "She didn't have a doctor."

"She did, she must have. The number was here, but it's lost."

"Well, he never came," said Hilary practically. "Am I very sick?"

"No," said Margaret dampeningly. "You have a cold that we might as well get rid of, that's all. Would you like some soup now?"

Hilary said almost in a croak that she would not, and Margaret, leaving the room, controlled a smile that flickered off by itself.

Hilary must be mistaken about Cornelia's not having had a doctor, of course; he might have made late-evening visits.

Frowning, she got the directory, leafed through the back to "Physicians," and went examining through the names. She had only thrown a glance at the slip of paper when Cornelia taped it up.

Still, she ought to recognize the name when she came across it.

Contract Let for Post Office

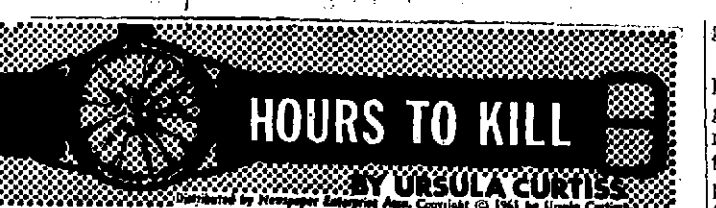

WASHINGTON (AP)—The Post Office Department said it has awarded a contract to Murray O. Rasberry of Helena, Ark., to build and lease a post office building at Clarksville, Tenn. The lease will be for 20 years, with renewal options running up to 30 years. The annual rental will be \$27,700. The building is expected to be complete in seven months.

Youths Arrested at North Little Rock
NORTH LITTLE ROCK (AP)—Seventeen teen-agers were arrested here Thursday night and charged with malicious mischief in stringing tissue paper over trees in front of 25 houses. The youths were taken to the police station and their parents were required to post \$100 bond each before they were released.

LITTLE LIZ
After we conquer space, maybe someone will have time to come down to earth and work on our traffic problems.

If you are to get through the winter without the addition of a wrinkle or two, give nightly care to your skin. This young woman uses (upper left) a skin cream designed to restore life to the skin and give it a new glow. She is careful not to neglect throat and chin line. For tired eyes, she uses herbal eye pads (lower left), then follows up with eye cream (right). She applies eye cream very lightly, with a deft fingertip.

THE STORY: After Miss Honeymann leaves, Margaret discovers that a letter addressed to Mrs. Foale had disappeared. It was a letter that Hilary had found in the house.

Chapter XI

Lena had come to tell Margaret that Hilary wanted her, which was just as well, as Margaret wanted Hilary. In the cool apple-green and white room where Hilary lay with the covers pulled primarily up to her chin, she said in an off-hand voice, "I got your magazines and your paper . . . feel better?"

"No."

"What is it — your stomach? Your throat?"

"I get these attacks," said Hilary morosely, and Margaret had an instant vision of the Greenwich Village apartment, Hilary tottering off to bed to recall her parents' attention, Mrs. Revertson saying anxiously to friends and pediatricians, "She gets these attacks."

"Hilary, do you remember the letter you found in the pantry drawer?"

"What letter?"

It was going to be one of those conversations. "The one you spelled a word out of, when you were looking for shoeleaves and I told you to put it back."

"And I did," said Hilary with suspicious promptness.

She looked so flushed and injured that Margaret could not bring herself to pursue it. She got the thermometer instead, and found presently that Hilary's temperature had gone up a degree and a half. Margaret glanced at the clock, gave her another aspirin, and went quietly off to find the doctor's telephone number.

A curled piece of cellophane tape still clung to the pantry wall over the phone, but the slip of paper with telephone numbers it had held was gone.

Margaret knew dimly what had happened. The warmth of the pantry radiator had dried the tape, the paper had fluttered down, Lena had to the left.

Everywhere from Hilary's scrapbook work, had swept it up and thrown it away.

She went back to the bedroom and Hilary. "What doctor did Cornelia have, do you remember?"

Hilary stared up from her magazine. "She didn't have a doctor."

"She did, she must have. The number was here, but it's lost."

"Well, he never came," said Hilary practically. "Am I very sick?"

"No," said Margaret dampeningly. "You have a cold that we might as well get rid of, that's all. Would you like some soup now?"

Hilary said almost in a croak that she would not, and Margaret, leaving the room, controlled a smile that flickered off by itself.

Hilary must be mistaken about Cornelia's not having had a doctor, of course; he might have made late-evening visits.

Frowning, she got the directory, leafed through the back to "Physicians," and went examining through the names. She had only thrown a glance at the slip of paper when Cornelia taped it up.

Still, she ought to recognize the name when she came across it.

It began with M, she was fairly sure of that. And here were Martinez, Mendoza . . . Muir, that was it. Dr. Thomas Muir, General

Practice.

Margaret dialed, and explained Hilary's fever to the nurse who answered. Could Dr. Muir come to the house? Just a moment, please; the nurse would ask.

She came back presently with the information that Dr. Muir could not make a house call that day. Margaret could bring the child to his office if she didn't mind a considerable wait, or, if she preferred, he would prescribe an antibiotic.

Margaret gave the receiver a look of astonishment. Prescribe for a new patient without even seeing her? But she said only, "I think in that case I'd better wait and see how she does. This is the Dr. Muir who treated Mrs. Byrne recently, isn't it?"

"I really couldn't . . . if you care to hold the line," said the nurse coldly, "perhaps the doctor can speak to you himself."

Margaret held the line. Twice she almost hung up, but something forced her to go on listening to distant waiting-room sounds: doors opening and closing, a child's fretful wail, a voice making an appointment.

"Dr. Muir speaking."

The low soft voice caught Margaret by surprise. She said rather stumbly that she had been quite concerned about her sister, Mrs. Byrne; what had Dr. Muir thought of her when he saw her? "I didn't actually see her," said Muir equally, and went on to explain. The flu epidemic had been widespread and in many instances severe, and when he was not in his office he had been at the hospital. Mrs. Byrne's case had been typical of the intestinal type; he had therefore prescribed the usual antibiotic with instructions that she was to report on her progress and let him know if improvement was not rapid.

After she hung up, she rubbed her fingers absently over the headache in both temples.

grasp into her hand.

It was no more revealing on a long look than it had been at a glimpse, except that a sense of recognition grew. The face under the dark bangs wasn't exactly pretty, but something about it—the perfect crescent brows, possibly, or a certain enameled stillness—held the eye. She seemed to be in her late thirties, with a firm almost plumpness that became her. Mrs. Foale?

It was a snapshot and not a very good one; there was nothing to learn from the dim gray pattern of background. Margaret turned a little, seeking a better light, and met Hilary's interested marble-like stare. Hilary said obligingly, "That's Mrs. Foale."

What folly to have believed that simply because her lashes were down, her mouth a little open, her breath coming regularly, the master spy had been asleep.

Margaret said deliberately, "You can't possibly know whether it's Mrs. Foale or not."

"Yes, I can. I asked the girl what Mrs. Foale looked like," said Hilary, heaving violently up out of her bedclothes, "and she said she was little and had black hair and bangs."

It took Margaret a moment to remember that "this girl" was Hilary's acquaintance of the movies. "What's her name?"

Hilary gave her a surprised look. "Isabel."

Patience. "No, your friend, the girl you met."

"Rosina."

Just in time Margaret stopped herself from pursuing. "Rosina what?" It was not so much her impression that Hilary didn't know the girl's last name as an expelled realization of what her own motive would be in asking it. To go about the town seeking out a stranger, and a child at that . . .

"Her mother worked for Mrs. Foale," said Hilary, mind-reading, "and that's how Rosina knows what Mrs. Foale looks like. And one day her mother came to the house and there was a note on the door telling her not to come any more. I guess that was when she went away."

Margaret said directly, "Hilary, where did you get this snapshot and—the other things?"

She would not mention Philip, because it was possible that Hilary hadn't recognized him with a mustache, hadn't even related the doorway or the white iron chair with the porch of this house. She held her breath and Hilary, subsiding on her pillow with a markedly invalidish air, said, "Down behind some books in the library. Can I have some soup?"

"In a minute. Which books?"

"I don't know, I was only trying to get things tidy," said Hilary. Her tone and her wiggle under the sheet implied that sheer hard work had reduced her to her present state. She swallowed, apparently with difficulty. "I'm so thirsty."

Margaret heated clear soup and buttered toast, on Mrs. Foale's stove, in Mrs. Foale's toaster. Mrs. Foale of the light-minded shoes, the rum bottles, the inconsiderateness of a note tacked to the door rather than due notice to a woman who had worked for her . . . How very driven she must have been—perhaps by the shadows, the solemn clock; perhaps even by Elizabeth Honeyman — to have fled so precipitately.

Hilary consumed her lunch with appetite. She can't be so badly off, Margaret told herself reassuringly. Then she stood back as Hilary rushed for the bathroom and was sick.

Chapter XII

She went in to look at Hilary, and found her asleep, hot face turned into her pillow, one hand clutched about a corner of the scrapbook that protruded from under it. If she had taken the letter from the pantry drawer, wild horses wouldn't drag it out of her. Margaret thought, gazing down at her, and now that the letter had become an issue she would have secreted it in some wily undiscoverable place.

Not that it could be of any real importance, or it would not have been left lying about in a house that was to be turned over to strangers; it would probably not have been preserved at all. A gossip note about mutual friends from Grace, the sender of the postcard? Now that Margaret concentrated on it, her one tempted glance had caught small cramped writing.

What did seem to matter was the fact that, with Mrs. Foale away, both Jerome Kincaid and Elizabeth Honeyman were markedly curious about her.

Better, much, if it were Hilary, because then it was only a child's secretive fancy. Might she have slipped the letter into the vase on the closet shelf, to join the photograph of the dark-haired woman? On this note of bald self-deception, Margaret turned from the bed, opened the closet door without sound, reached for the violet-enameled vase and tipped the photo-

graph into her hand.

U of A Health Director Dies at Dallas

FAYETTEVILLE, Ark. (AP) — Dr. Fount Richardson, 61, director of the Student Health Service at the University of Arkansas, died Thursday in a Dallas Tex., hospital.

The body was to be flown here today for funeral services and burial. Time of the services was not set immediately.

Dr. Richardson was a former president of the American Academy of General Practice and former president of the Arkansas Medical Society. He was editor of the Arkansas Medical Society Journal.

He went to Dallas early this month to attend the Southern Medical Association Convention, and while there he suffered a heart attack. While he was confined to Baylor Hospital, the 15,000-member association made him its president-elect.

Dr. Richardson was named counselor of the AMA in 1946 and served in that capacity until he was named president-elect in 1955. He was made head of the Student Health Service at the university in 1937. He also engaged in private practice here.

He was a graduate of the University of Arkansas and the U of A Medical School in Little Rock. Survivors include his widow; one son, Robert Fontaine Richardson, and a brother, Dr. Davis Richardson, all of Fayetteville.

Thankful That Auto Hit Him

MIAMI, Fla. (AP) — "Thank God that car hit me," said Edward Adams as he was convalesced from internal injuries. Adams' pelvis was fractured and his spleen was ruptured when an automobile knocked him down Wednesday night. Repairing the damage, surgeons discovered and removed an abdominal tumor which they said would have killed Adams eventually. With Free, were killed. So was Robert L. Collins, 38, of near Bald Knob, who was alone in the second car. Free was injured seriously.

Survivor of Death Car Is Critical

LITTLE ROCK (AP) — James Free, 31, of Newport, only survivor of a head-on automobile collision which killed four persons at Newport early Thursday, remained on the serious list today. Attendants at Veterans Administration Hospital here said his condition was unchanged. Free was transferred from a Newport hospital to the VA hospital several hours after the Thanksgiving Day accident. Another man and two women, all of Newport, who were riding

Porkers Must Beat Tech for Bowl Bid

By WICK TEMPLE

LITTLE ROCK (AP) — Ninth-ranked Arkansas is an 18-point favorite to beat Texas Tech Saturday, the Texas for the Southwest Conference championship, and lock up a berth in the Sugar Bowl. The Razorbacks are 7-2 for the season with losses to Mississippi and Texas marring their chart. Coach Frank Broyles shoots for his third straight 9-2 season and third straight different major bowl.

In addition, the Razorbacks seek to become the second team in Southwest Conference history to share in three titles in a row. Homen Norton's Texas A&M teams did it in 1939-40-41. Arkansas won the crown last year and 3-5 record, two weeks of rest, and tied for it in 1959.

The New Orleans Times-Picayune said Thursday night that Arkansas had tentatively accepted a Sugar Bowl berth and probably would play top-ranked Alabama. Arkansas Athletic Director John Barnhill said his school had not formally accepted any bowl bid and would not do so until after the Tech game.

Texas Tech comes here with a 3-5 record, two weeks of rest, and the savvy of Merrill Green, an assistant coach who left Arkansas for Tech pastures this year. The Raiders don't need Green, though, to tell them about the running, punting and pass-catching of Arkansas All-America candidate halfback Lance Alworth.

Alworth ranks fifth in the SWC in rushing with 419 yards on 95 carries, third in pass receiving with 18 catches for 320 yards, first in punt returns with 25 for 289 yards, first in kickoff returns with 13 for 300, and fifth in punting with 32 kicks for a 35.2 average.

Arkansas has set its defenses to stop Raider fullback Coolidge Hunt, who has gained 426 yards in 104 carries, and sophomore quarterback Doug Cannon, who has hit on 36 of 71 passes for 432 yards.

A sellout crowd of 41,000 was expected for the 2 p.m. (CST) kickoff.

After Texas beat Texas A&M 25-0 Thursday and clinched at least a share of the title, Broyles said, "Texas proved they were champions, now it's up to Arkansas to go out and prove that it's a champion."

"There are no more ifs," he added. "It's all on the line now," in the Tech game.

The Hogs worked out for a little more than an hour Thursday morning, ate Thanksgiving dinner together and some of 'em watched the Texas-Texas A&M game on television.

Broyles said he didn't watch it. Alworth worked with quarterback George McKinney on timing on handoffs.

Deaths Around the Nation

ST. LOUIS, Mo. (AP) — Randolph H. Weber, a U.S. district judge in St. Louis, died Thursday night of a heart attack shortly after returning from a hunting trip. He was 52.

WASHINGTON (AP)—Maj. Gen. Russell P. Harte of Hagerstown, Md., leader of the first contingent of American troops to England early in World War II, died Thursday at Walter Reed General Hospital. He was 72.

LOUISVILLE, Ky. (AP)—S. A. Rusker, first vice president of the American College of Hospital Administrators, died Wednesday night of a heart attack. He was 72.

NEW HAVEN, Conn. (AP)—The Rt. Rev. Msgr. John J. Reilly, 62, vicar general of the Norwich diocese of the Roman Catholic Church, died Thursday of a heart attack.

CHARLESTON, S. C. (AP)—Roy Bird Cook, 75, former president and board chairman of the Gospel Chorus, under the direction of Miss Jessie Witherspoon, the Rileyettes. Directed by Mrs. M. S. Riley and the Junior Choir, directed by Miss Alice Witherspoon. Guest soloists will be C. G. Carmichael, president of the Southwest District Div. B Singing Convention and Bobbie Witherspoon. The public is invited. Rev. M. S. Riley, pastor.

Big Eight Bowl Rule Modified

KANSAS CITY (AP) — A Big Eight rule which limits post season games by league football teams to the Orange Bowl was modified today for this year.

The league faculty representatives in a telephone conference voted to approve "one or more additional teams going to a bowl game other than on Jan. 1," Reeves Potter, conference commissioner, reported.

Earlier this year the Big Eight faculty representatives had voted to limit participation in bowl games to the Orange Bowl at Miami, Fla., Jan. 1.

Says Alabama Arkansas in Sugar Bowl

By BEN THOMAS

NEW ORLEANS (AP) — The Sugar Bowl, once fearful it might end up with also rans for the New Year's Day classic, now appears to have plucked the choice plum of collegiate football — top-ranked Alabama — plus Arkansas.

A source close to the Sugar Bowl Selection Committee, who asked to remain anonymous, told The Associated Press that Arkansas will accept a bid to the New Orleans classic following its game Saturday with Texas Tech.

Alabama, which flirted with the Rose Bowl, is expected to announce its acceptance of the Sugar Bowl after its clash with arch-rival Auburn Dec. 2.

Both Alabama and Arkansas are strong favorites in the regular season finales.

Of course, the Sugar Bowl won't officially discuss the bowl picture until official announcements are made.

Alabama with nine straight victories under its belt, cannot officially accept a bowl bid until the end of the season under Southeastern Conference rules.

And Arkansas Athletic Director John Barnhill wasn't talking for publication either.

"No comment," Barnhill said Friday night at Fayetteville, Ark. "No bowl talk until after Saturday's game."

The Razorbacks will win the SWC co-championship Saturday if they beat Texas Tech. Texas captured the other part of the crown Friday when it shakked Texas A&M 25-0.

Texas beat the Porks earlier in the season and earned the right to play in the Cotton Bowl Jan. 1. The Longhorns' opponent seems likely to be Mississippi, the only other team to defeat Arkansas.

Alabama Coach Paul (Bear) Bryant sought a Rose Bowl berth for his Crimson Tide, but latest speculation is that the Rose will stick with the Big Ten.

The Sugar Bowl's hopes for fourth-ranked Louisiana State were dashed last week when Tiger Athletic Director Jim Corbett emphatically rejected the trip to New Orleans.

At first, the Sugar Bowl hoped Corbett's initial announcement left the door open for a New Year's day visit by the Tigers, but Corbett issued a strong "no soap" statement the following day.

Says Devil Asked for Equal Time

WASHINGTON (AP) — Remember the smoke that curled from the lectern while Richard Cardinal Cushing of Boston delivered the invocation at President Kennedy's inaugural last January?

"That was the devil asking for equal time," a letter-writer suggested to the cardinal later. The Boston archbishop told the story in remarks prefacing his sermon at the annual Pan-American Mass here Thursday.

He said most people who commented on the invocation thought it was too long. It ran more than 10 minutes.

Four clergymen participated in the inaugural. "I thought I was the only one," said the cardinal. "Why they had to have four of us there praying for him, I don't know."

U. S. Army Personnel Probe Starts

By GENE KRAMER

CHICAGO (AP)—The Chicago Tribune reported today "a House subcommittee investigating team is touring the world in search of data to bolster the administration's attack on anti-Communist military personnel."

The story, by Tribune Washington writer Willard Edwards, said three investigators are interviewing employees of the U.S. Information Agency in Europe and Asia.

USIA employees have been ordered by its director, Edward R. Murrow, "to furnish all information they can gather on military men in their areas," the Tribune reported.

"The particular interest of the investigators," the newspaper said, "is in statements of activities by American officers abroad which put them in the class of 'radical rightists' currently under attack for infusing their troops with a hatred for Communists and otherwise engaging in 'extremist' activities."

The story said the investigators are seeking to uncover "another Walker case."

Maj. Gen. Edwin A. Walker was transferred from command of troops in Germany in a controversy over his troop indoctrination program. Subsequently he was admonished by the Army on the ground that he had made "inflammatory and derogatory" statements about former public officials including ex-President Harry S. Truman, and had tried to influence the votes of military personnel in the 1960 congressional elections.

Later Walker resigned his commission, saying he took that course instead of accepting retirement benefits in order to free himself from obligations that might affect his future activities.

The Tribune identified the investigating team as attached to the subcommittee on government information headed by Rep. John E. Moss, D-Calif.

The story said the investigation was authorized by Chairman William L. Dawson, D-Ill., of the House Government Operations Committee.

Hurt on Trapeze

PITTSBURGH (AP)—A woman trapeze artist was hurt in a 10-foot fall at the Ringling Brothers & Barnum & Bailey Circus Thursday night.

Mrs. Maria Dos Santos, 27, had just finished her performance and was lowering herself on a rope when she fainted and fell.

She complained of pain in her right elbow and shoulder and was taken to the hospital for x-rays.

Stowaway Returned to East Germany

By GENE KRAMER

BERLIN (AP) — A young East German stowaway aboard a U.S. military train was turned over to Soviet authorities because Americans lack extraterritorial rights on such trains, Gen. Lucius D. Clay was quoted as saying today.

Clay, President Kennedy's envoy to Berlin, made the explanation to West Berlin Mayor Willy Brandt, a West Berlin spokesman said.

The reported explanation meant that the four U.S. military trains which daily cross East German territory between West Berlin and West Germany are not U.S. territory as is a U.S. Embassy in a foreign country.

The train, with 80 Americans, including many women and children, was held up at gunpoint by Communist troops for nearly 15 hours Thursday when it reached Marienborn, on the Communist side of the crossing point into West Germany at Helmstedt.

The Army said the Russians learned from interrogation of the East German conductor that a young East German was aboard. He apparently broke a window and climbed in when the train stopped at Gerwisch in East Germany.

U.S. military guards aboard the train rejected a request of the Russians to search the train.

The train was held up until Col. Ernst von Pawel, head of the U.S. liaison mission at Soviet headquarters in East Germany, showed up and agreed to hand the East German over.

A U.S. Embassy spokesman in Bonn said it would be hard to prove that the stowaway was a plant but such a possibility "cannot be discounted."

A West Berlin spokesman quoted Clay as telling Brandt that 1945 agreements with the Soviet Union "made it impossible for U.S. military trains going through the Soviet zone to take on passengers or allow them to leave the train. The trains, on the basis of these agreements, are not extraterritorial territory in the sense of international law."

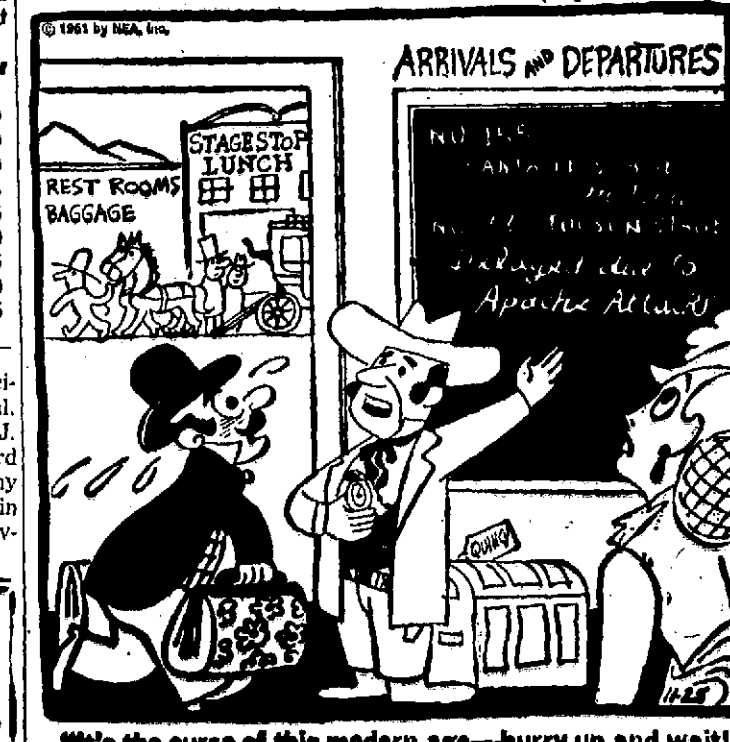

A U.S. spokesman said standing instructions to the U.S. train commander, in this case a lieutenant, were to allow no one to board or leave the train.

This Sacrament

What a privilege to have seen Jesus in the flesh . . . to
have talked with Him, and supped with Him. To His
disciples that was a never-to-be-forgotten experience.

Though 1900 years intervene, the Man of Galilee still
stands in our midst and says, "This do in remembrance
of me." This outward and visible sign of inward
and spiritual grace separates man from the world and
commemorates the death of Our Lord. He said,
"Do it in remembrance of me."

YOU IN THE CHURCH THE CHURCH IN YOU

Character is a by-product of the church. It is here that
young and old alike are showered with benedictions
that fortify and influence for a better citizenship and a
stronger democracy. In the church the ministerial are
molding religious character. Statesmen today declare
that the church alone can furnish leadership to handle
the affairs of state in these perilous times. Then we
with our children should go to the church of our choice
on Sunday. "You in the Church and the Church in you"
form a combination for good. Be a regular CHURCH-
GOER and a daily BIBLE READER.
